

## ADVANTAGE BANKING ADVANTAGE CHECKING

### Better Banking Starts Here

Advantage Checking rewards customers who maintain high deposit relationships with Union Bank, starting at \$25,000. In recognition of your commitment to us, you'll receive special discounts and benefits, just for being an Advantage accountholder.

### Rewarding Relationships

As an Advantage Banking customer, you can take advantage of great benefits, from free checks and ATM fee waivers, to complementary notary service and treasurer's checks. To qualify, simply maintain the monthly minimum balance. It's our way of saying 'thanks' for being a valued customer.

To meet the qualifying minimum, the balance is a combination of all eligible Union Bank deposit accounts owned by the same customer, including Checking Accounts, CDs, IRAs, Savings and Money Market Accounts. The primary accountholder on the interest bearing checking account must be a primary or joint owner (or trustee) on additional deposit accounts for their balance to meet the deposit balance requirement. The \$25,000 balance requirement is an average deposit balance during a monthly statement cycle. If the average account balance falls below the minimum during a statement cycle, the account will be assessed a \$15 account service fee.
