\* All checking and savings accounts require a \$25 opening deposit. Non-Save for Success accounts held by youth (until age 18) only need to maintain a minimum daily balance of \$25 to waive a service fee (otherwise \$2/month for a statement savings or \$1.50 per quarter for a passbook savings).

\*\* Depositors at FDIC-insured banks enjoy deposit insurance protection up to applicable Federal limits. Since FDIC-insured savings accounts are not intended for frequent transactions, Federal requirements limit you to no more than six electronic banking, telephone transfer, or electronic withdrawals per monthly statement cycle. Unlimited transactions are permitted if made by the accountholder at an ATM, branch office, by mail, by messenger, or electronically to repay a Union Bank Loan.
